

Safety Data Sheet

SSHLB

Section 1. Identification

Product Identifier	SSHLB		
Synonyms	N/A		
Manufacturer Stock Numbers	N/A		
Recommended use	Analytical Laboratory Applications Related to Research and Development		
Uses advised against	N/A		
Manufacturer Contact			
Address	UCT LLC 2731 Bartram Road Bristol, PA, 19007 USA		
	Phone	Emergency Phone	Fax
	(215) 781-9255	(800) 424-9300 Chemtrec CHEMTREC	(215) 785-1226
	Email	Website	
	JTelepchak@Unitedchem.com	www.unitedchem.com	

Section 2. Hazards Identification

Non Hazardous	Sensible precautions should be exercised when handling such as; proper gloves, eye protection, washing hands after handling and working in a ventilated area and storing away from heat sources. Respiratory protection should be considered. A hazard analysis should be performed prior to handling any chemical substance.
Hazard Classification	This material/product and all components associated with it are classified as non-hazardous per the United States Occupational Safety and Health Administration's 2012 Hazard Communication Standard 1910.1200.

Section 3. Ingredients

CAS	Ingredient Name	Weight %
9003-70-7	Styrene-divinylbenzene copolymer (Surface Modified)	Unknown

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First-Aid Measures

Skin	Wash with soap and water after handling. Material is non-hazardous but prolonged dermal contact may dry and irritate the skin.
Eye	Flush eyes with water for 15 minutes. Get medical attention if irritation persists.
Inhalation	If exposed to excessive levels of dusts or fumes, remove to fresh air and get medical attention if cough or other symptoms develop.
Ingestion	Do not induce vomiting. Rinse mouth out with water providing person is conscious. Never give anything to an unconscious person. Get immediate medical attention.

Section 5. Fire Fighting Measures

Suitable Extinguishing Media	Dry Chemical or AFFF(Aqueous Film Forming Foam)
Unsuitable Extinguishing Media	N/A
Fire fighting instructions	As in any fire, fire suppression personnel and first responders must wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.
Combustible Mixture with Air	All Dusts prior to handling should be evaluated for Air/Dust Mixture Combustibility.

Section 6. Accidental Release Measures

Clean-up	Spilled material can be swept up and disposed of in accordance with Local, State and Federal Regulations. A credentialed waste broker should be consulted with for disposal compliance.
Precautions	Sensible precautions should be taken when handling in a release/spill situation. Particulate and powders of any type should not be inhaled. A NIOSH approved form of respiratory protection should be utilized.

Section 7. Handling and Storage

Storage	Keep away from heat, sparks, and flame.
Handling	Wash hands thoroughly after handling. Sensible precautions should be taken when handling. Dusts, particulates and powders should not be inhaled. A NIOSH approved form of respiratory protection along with engineering controls if needed should be utilized. A Chemical Hygiene Officer should be consulted prior to use.

Section 8. Exposure Controls/Personal Protection

Occupational Exposure	Ingredient Name	ACGIH	OSHA	STEL
-----------------------	-----------------	-------	------	------

Limits		TLV	PEL	
	Styrene-divinylbenzene copolymer (Surface Modified)	N/A	N/A	N/A
Personal Protective Equipment	N/A			
Engineering controls	Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower.			
Respiratory Protection	Mechanical ventilation recommended. In case of exposure, use appropriate NIOSH approved respiratory protection.			
Eye Protection and Gloves	Eye Protection and Gloves should be worn when handling.			
Dust, Powder and Particulate Exposure	As with any dust, particulate or powder proper precautions should be utilized to prevent inhalation exposure. This includes proper respiratory protection in accordance with ACGIH, ANSI, NIOSH and OSHA standards.			

Section 9. Physical and Chemical Properties

Physical State	N/A
Color	N/A
Odor	N/A
Odor Threshold	N/A
Solubility	N/A
Partition coefficient Water/n-octanol	N/A
VOC%	N/A
Viscosity	N/A
Specific Gravity	1
Density lbs/Gal	N/A
Pounds per Cubic Foot	N/A
Flash Point	N/A
FP Method	N/A
pH	N/A
Melting Point	N/A
Boiling Point	N/A
Boiling Range	N/A
LEL	N/A
UEL	N/A
Evaporation Rate	N/A
Flammability	N/A
Decomposition Temperature	N/A
Auto-ignition Temperature	N/A
Vapor Pressure	N/A
Vapor Density	N/A

Section 10. Stability and Reactivity

Chemical Stability	Material is stable under standard temperature and pressure.
--------------------	---

Section 11. Toxicological Information

Skin Effects	Repeated exposure to skin may cause drying or mild irritation to the skin.
Reproductive Hazard	This material is not classified as a reproductive hazard.
Inhalation Exposure	As with any powder, inhalation exposure may cause respiratory irritation.
Toxicological Properties	This material is not toxic.
Dust/Powder Exposure	As with any dust, particulate or powder proper precautions should be utilized when handling to prevent inhalation exposure. This includes proper respiratory protection in accordance with ACGIH, ANSI, NIOSH and OSHA standards.

Section 12. Ecological Information

No Data	No Data is available on Ecological Toxicity, persistence and degradability, Bioaccumulative potential, Mobility in soil, results of PBT and vPvB or other recognized ecological tests
---------	---

Section 13. Disposal

Waste Classification	This material as listed does not meet the EPA definition of a characteristic hazardous waste.
Regulatory Advisory	A credentialed and licensed waste disposal specialist should be consulted for disposal advice.

Section 14. Transport Information

UN Number	N/A
UN Proper Shipping Name	This material is not a dangerous good.
DOT Classification	This material is not regulated for shipping or transport.
Packing Group	N/A

Section 15. Regulatory Information

SARA 302	SARA 302 Components : No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.
SARA 313	SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (de Minimis) reporting levels established by SARA Title III, Section 313.
SARA 311/312	No SARA hazards.
Massachusetts RTK	No components are subject to the Massachusetts Right To Know Act
California Prop 65	This product does not contain any chemicals known to State of California to cause cancer, birth defects or any other reproductive harm.
Additional Information	Pennsylvania Right to Know Components: Polymer of Styrene, divinylbenzene and ethenylethylbenzene chloromethylated with dimethylamine functionalized.

CAS 69011-17-2

New Jersey Right to Know Components:

Polymer of Styrene, divinylbenzene and ethenylethylbenzene chloromethylated with dimethylamine functionalized.

CAS 69011-17-2

Section 16. Other Information

Revision Date

11/3/2025

Manufacturer

Supplemental Notes

Manufacturer Disclaimer

Statement

All technical data is believed to be correct but does not purport to be all inclusive and shall be used only as a guide.

The data in this Safety Data Sheet relates only to the specific material(s) designated herein. It does not relate to use in combination with any other material or in any process.

THE INFORMATION AND RECOMMENDATIONS CONTAINED IN THIS SAFETY DATA SHEET HAVE BEEN COMPILED FROM SOURCES BELIEVED TO BE RELIABLE AND TO REPRESENT THE BEST OPINION ON THE SUBJECT AS OF THE DATE ON THIS SHEET. HOWEVER, NO WARRANTY, GUARANTEE OR REPRESENTATION, EXPRESSED OR IMPLIED, IS MADE BY UCT, INC. AS TO THE CORRECTNESS OR SUFFICIENCY OF THIS INFORMATION OR TO THE RESULTS TO BE OBTAINED FROM THE USE THEREOF.
